

AI Prompt Logs

Date	Team ID	Project Name	Max Marks
06 July 2026	*****	StudyAI – AI Powered Smart Study Companion	3 Marks

S.No	Task/Intent	System Prompt & Context	Exact User Prompt	AI Output Summary	Refinements/Iterations
1	Generate Flask upload API	Act as a Flask backend developer building a file upload service with CORS support	<i>[Replace with your actual prompt, e.g. "Write a Flask route to accept PDF/DOCX/TXT uploads and save with UUID filenames"]</i>	Generated upload_routes.py with UUID-based filename saving and file-type validation	Needed a follow-up prompt to add Flask-CORS handling for frontend requests
2	PDF text extraction	Act as a Python developer using PyMuPDF for text extraction	<i>[Replace with actual prompt, e.g. "Write a function using fitz to extract all text from an uploaded PDF"]</i>	Generated pdf_service.py with a function looping through pages and extracting text	Refined to handle empty/scanned PDFs gracefully
3	AI summary generation	Act as an integration engineer connecting Groq API with Llama model for text	<i>[Replace with actual prompt, e.g. "Write a service that sends extracted text to Groq API and returns a</i>	Generated groq_service.py and summary_service.py handling the API call and response parsing	Iterated to add error handling for API timeout/rate limits

S.No	Task/Intent	System Prompt & Context	Exact User Prompt	AI Output Summary	Refinements/Iterations
		summarization	<i>structured summary"]</i>		
4	React Summary page integration	Act as a React developer connecting a frontend page to a Flask backend via Axios	<i>[Replace with actual prompt, e.g. "Write a React component that fetches the summary from the backend and displays it"]</i>	Generated Summary page component with loading state and API call via api.js	Adjusted styling to match Burgundy theme
5	Dashboard UI	Act as a frontend developer building a card-based dashboard UI in React	<i>[Replace with actual prompt, e.g. "Build a Dashboard page with cards showing uploaded files and status"]</i>	Generated Dashboard page with DashboardCard component, rounded corners, soft shadows	Refined card layout for responsiveness
